1. The airfield east of the Neisse River and the Guben (O 52/A 79)-Seitwann (O 53/V 80) road was about 1,000 meters in N-S direction and 600 meters in E-W direction.
2. Local residents said that there has been no flying during the past four to six months although the field buildings have been lighted every night.

25X1A Comment:

No changes occurred at the field compared to a report of December 1949.* The field is apparently not occupied by an air unit. It is not known which units are quartered in the various field buildings.
